

# Practical-10

**Date:**\_\_\_\_\_

**AIM:**

- i. Write a program to create a function template for finding maximum value contained in an array.
- ii. Write a program to create a class template for the 'Array' class.
- iii. Create a template for the bubble sort function.
- iv. Write a program to illustrate the use of insertion and extraction operators for Text mode Input/Output.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no vertical margin lines or other markings present. The paper appears to be a standard sheet of notebook paper.
